- Social Networking Strategies
- Social Responsibility
- Dissemination Networks
- Multicultural Issues

Agile Development

- Global Software Development**
- Outsourcing Strategies**

CALL FOR PAPERS
for the

23rd EuroAsiaSPI² Conference

Deadlines...

<http://2016.eurospi.net>

...for Research and Experience Papers:

- 08.04.2016** First Paper Submission
- 20.05.2016** Review by International Programme Committee and Notification of Acceptance
- 24.06.2016** Final Version of Research/Experience Paper
- 12.08.2016** Early Registration Deadline
- 31.08.2016** Upload of Conference Presentation

...for Workshop (WS) Papers:

- 08.04.2016** First WS Outline or WS Paper
- 20.05.2016** Review by International Programme Committee and Notification of Acceptance
- 24.06.2016** Final Version of WS Paper
- 12.08.2016** Early Registration Deadline
- 31.08.2016** Final Version of WS Handout

<http://2016.eurospi.net>

14. – 16. September 2016

Graz University of
Technology
Graz, Austria

7 Reasons for Attending EuroAsiaSPI² 2016

- 1 Research papers will be published in the **Springer CCIS Series** and experience papers in the **Wiley SPIP Series**. Best workshop and conference papers will also be published in the **IGI Global Journal**.
- 2 Hot topics like future quality initiatives and global development strategies are discussed with **highly recognized key notes**.
- 3 EuroSPI² helped founding the **SPI Manifesto** as a cornerstone to agree on values and principles for SPI. Get involved in the SPI Manifesto.
- 4 EuroAsiaSPI² gives you the chance to present, discuss, publish and spread new approaches for process improvement. Meet business and research partners at the **EuroSPI² social events**.
- 5 EuroAsiaSPI² represents an experience forum collaborating with nearly all SPINs in Europe. Join our improvement community to which more than 28 nations have contributed **since 1994**.
- 6 Joint **best paper award** of EuroAsiaSPI² and the ASQ (American Society of Quality / SW Division)
- 7 INTACS and the German Automotive Association (VDA) recognize conference participation for the collection of **experience evidences** for ISO 15504 Assessors.

Call for Workshop

Workshops are interactive and allow participants to jointly elaborate key values and principles.

Since 2010 EuroSPI² has been building **workshop communities** for the following topics:

- SPI & Innovation
- SPI and Product, System, Software Design
- Experiences with Functional Safety Implementation
- SPICE Assessors
- Business Process Innovation and Improvement
- SPI and Measurement
- SPI in SMEs
- Enterprise Management Paradigms & Models

These communities will publish a call on the EuroAsiaSPI² website to attract key papers. Three key papers per workshop will be published in the **Springer Communications in Computer and Information Science (CCIS) Series**

You can also propose a **new workshop** to build a new community around EuroSPI²:

- one-day workshop
- 2 pages abstract with title, content, CV and picture of the workshop moderator
- final submission of workshop materials
- reviewed by a separate programme committee.

Celebrating the first year of EuroAsiaSPI²

In 2016 the **EuroSPI² Conference Series** will be held in **Graz, Austria**, a center of SPI experts, especially in Automotive SPI.

Research Paper

Research papers should describe innovative and significant work in (software) process improvement, which is relevant to the software industry. The paper should comprise 10 - 12 pages.

Writing instructions and how to upload papers can be found at <http://2016.eurospi.net>.

18 selected research papers will be published in the **Springer CCIS Series**.

Experience/Industry Paper

Experience/industry papers should describe practical experiences related to (software) process improvement with relevance to other practitioners. The paper should comprise 8 - 9 pages.

Writing instructions and how to upload papers can be found at <http://2016.eurospi.net>.

10 selected experience papers will be published in a special issue of the **Wiley SPI in Practice Series**.

Selected papers in SPI are promoted for a volume of an international magazine (**SQP**) of the partner ASQ SW Division. All accepted experience papers will be published in a **Publizon book**.
